Test - 2 Physical Connection

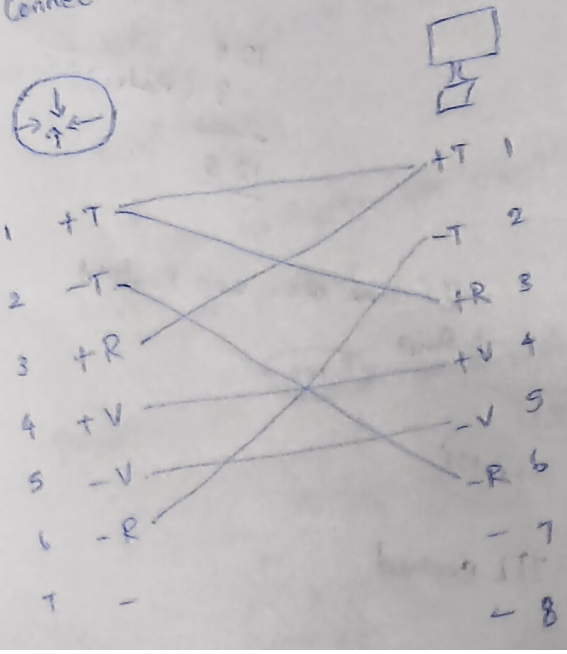

1. Types of medium ?

1. Radio
2. Wire
3. Light

2. Write down switch 8-pins ?

1. +R
2. -R
3. +T
4. +V
5. -V
6. -T
7. -
8. -

3. Connect utp cable between two devices

4. Explain AUTO MDIX ?

Auto MDIX (Automatic Medium Dependent Interface Crossover). Its automatically detects cable MDIX type and Adjust the Ethernet port to connect properly.

5. Explain POE injector ?

PoE (Power Over Ethernet) injector, Its a module that combines electrical power with Ethernet data signal and sends both through a single Ethernet cable to a POE-enabled device.

6. Explain POE switch ?

In a network switch that can provide power and network connection by the same Ethernet port.

7. Explain types of nic & functions ?

NIC = Network Interface Card

NIC help a computer to connect a network and there are two types of NIC

Wired NIC : it uses a physical Ethernet connection

example: RJ45 cables, uses electrical signal over copper ~~wire~~

Wireless NIC : It uses radio communication instead of an Ethernet cable

example: Wifi, Sends and Receives network data by Radio signals
